TO THE CHALLENGES OF THE CHANGING MARKET.
LET'S MEET AT REMADAYS 2021!

10-12.02.2021

WWW.REMADAYS.COM

Dear Distributors,

we encourage you to take advantage of advertising catalog the **European Suppliers Book (ESB)**, which easily allows you to reach the most active European manufacturers and importers.

ESB is a **practical database of offers of around 100 suppliers of promotional** and advertising products from **18 European countries**. In the catalog you will find a comprehensive keyword index that allows to find quickly a specific offer taking into account country, brand or product category. Keywords index is available in 6 languages. In addition, all offers are illustrated to help you make the right choice.

By using ESB Catalog:

- you have the ability to reach quickly suppliers from all over Europe
- you have access only to proven offers
- you save time and have the ability to more efficiently apply your ideas

Along with the printed catalog including lists of keywords we provide you with a **free online search engine for looking for the offers** under www.esbook.eu, as well as **full catalog in online version and suppliers database saved in Excel file**, which will be sent via e-mail, which will allow you to faster and more accurately obtain desired contacts. All product novelties may be followed on our website and in our newsletters released every month.

Feel free to use ESB.

GJC International Team

Sehr geehrte Händler,

wir möchten Ihnen gerne die Nutzung des **European Suppliers Book (ESB)** anregen, mit dem Sie leicht und einfach die aktivsten europäische Hersteller und Importeure erreichen.

ESB ist eine **praktische Datenbank mit Angeboten von etwa 100 Lieferanten der Werbeartikel aus 18 Europoländern**. Das Herzstück des präsentierten Katalogs ist ein umfassender Index, der ein problemloses Auffinden der gesuchten Artikel nach Land, Marke und Produktkategorie erleichtert. Der Angebots-Browser ist in 6 Sprachen verfügbar. Jedes Angebot wurde zusätzlich dargestellt, damit Sie eine richtige Wahl treffen können.

Mit dem ESB Katalog:

- können Sie schnell Lieferanten aus ganz Europa erreichen
- haben Sie Zugang zu ausschließlich bewährten Angebote
- sparen Sie Zeit und können neue Ideen umsetzen

Zusammen mit dem Katalog und dem Browser in Printform haben wir für Sie auch einen **kostenlosen Internet-Browser** auf der Webseite www.esbook.eu, **eine Vollversion des Online-Katalogs und eine Lieferantendatenbank** als Excel-Datei bereitgestellt, die Ihnen einen noch rascheren und zutreffenderen Zugang zu den Angebote ermöglichen. Alle neuen Produkte können Sie auf unserer Webseite sowie in dem Ihnen jeden Monat zugeschickten Newsletter verfolgen.

Nutzen Sie unseren ESB.

WE ARE aimfap

THE MUST BE ASSOCIATION

Why be a member of AIMFAP?

Aimfap was born 20 years ago as a **non-profit association for the defence of the interests of importers, manufacturers, wholesalers and printing companies of promotional items**. It is currently formed by more than 115 associated companies, with presence both at national and European level and is headquartered in Madrid.

Some AIMFAP objectives

- **Sectoral representation** of our members.
- As a promoter association of Promogift, **facilitate the participation of our members, as exhibitors, at a reduced cost.**
- Annual **Business Excellence Award**
- **Roadshows through different cities in Spain** to present our members and their products.
- **Participation in international fairs** of great relevance in the sector.

Some AIMFAP services

- **Newsletter distribution** to our sectoral database, advertising companies at zero cost and social media diffusion.
- **Free page in our Directory of Members with all commercial data and product lines**, distributed at national and international fairs and roadshows. Highly valued tool for such events visitors.
- **Advertising at reduced cost** in AIMFAP graphic media, magazine (two editions, January and September), as well as in the Directory of Members.
- **Product searcher.**

AIMFAP is in possession of the Certificate of compliance in terms of Data Protection according to the new GDPR of May 25, 2018

Create the difference

Dancing cups or particularly communicative ballpoint pens? Regardless of what makes your product something special – it deserves to be in the spotlight. The Promotional Gift Award has been distinguishing haptic promotional products that stand out from the crowd since 2003. The creativity label that is conferred by an independent jury of experts thus creates that certain difference – in the perception of the target group. The presentation at the HAPTICA® live, on March 17, 2021 in Bonn (Germany) attracts additional attention.

Register your creations for the Promotional Gift Award 2021 now and profit from the favourable early bird rate (180 Euros) up until September 30, 2020!

All information, the terms of participation and application forms can be found at:

Green, sustainable promotional products

DE-ÖKO-003

Round, edgy, made of cork, double, simple or with magnet – our successful growing promotional products “plant wood” made from European maple wood captivates with an even broader choice in 2018. Equipped with a peat tab and diverse types of seeds, it is a perfect occasion for the presentee to act as a gardener and will be happy for a long time with his fresh green plants, but also with the individually lasered or printed promotional message or company logo in the wood.

Grass,
Recycling,
Natron-
papier

To protect our environment and treat our globe in a responsible way – what subject could be more suitable than promotion articles to remind the customers of you on the one hand, and to put the conscientiousness of the company into the right light.

SPÓLNOTA, Wooden Work Cooperative in Białka near Maków Podhalański, would like to present its commodity to you.

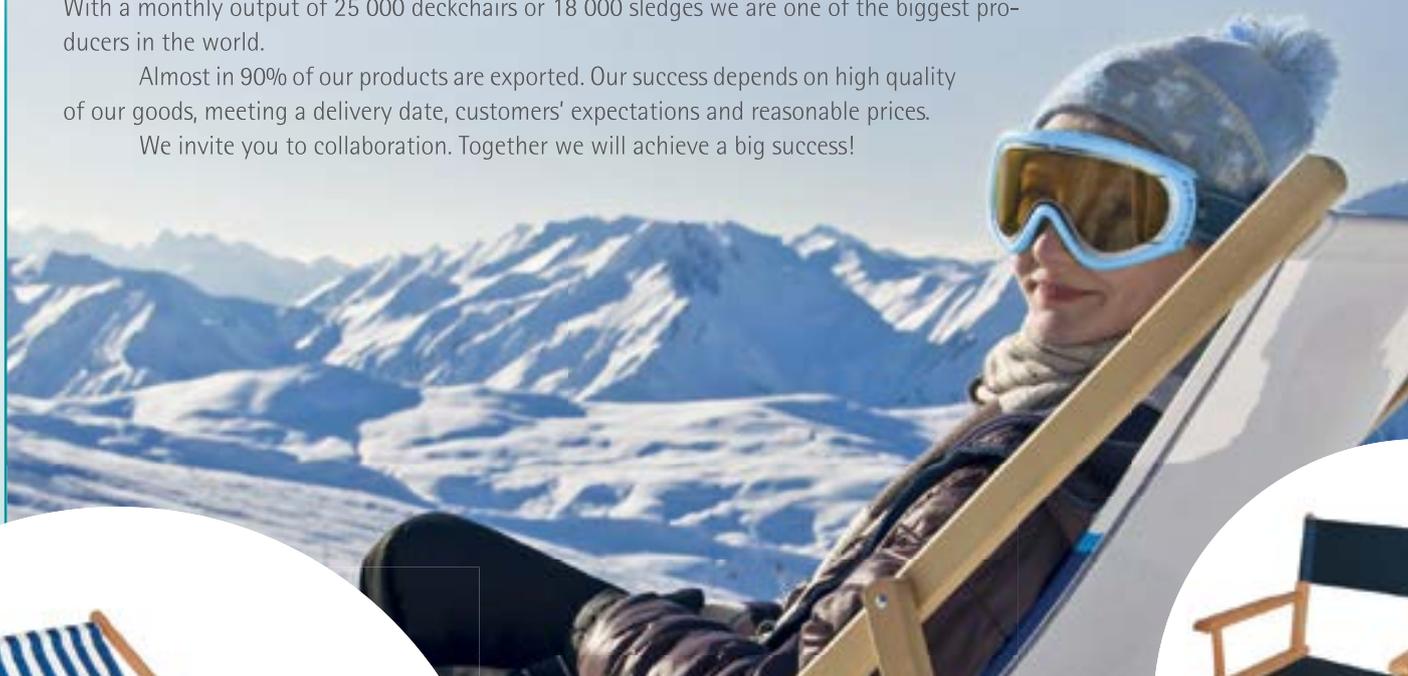

For over 60 years we have been specialising in production of wooden articles. Before summer season our company produces garden and camping furniture, in particular deckchairs, armchairs, chairs and tables; before the winter season sledges and other accessories.

For a few years we also specialise in printing colorful designs, e.g. logos, on our products according to individual wishes of our consumers.

We base our work on our experiences connected with tradition. The goods which we produce are only made of natural materials therefore they fulfill the environmental requirements of today's world. With a monthly output of 25 000 deckchairs or 18 000 sledges we are one of the biggest producers in the world.

Almost in 90% of our products are exported. Our success depends on high quality of our goods, meeting a delivery date, customers' expectations and reasonable prices.

We invite you to collaboration. Together we will achieve a big success!

FLOOR DECAL

HIGH-QUALITY

ANTI-SLIP

WG DIN 51130 – R9,

APPLIED BY THE

KUNKE

PRINTING HOUSE

This product is an excellent way to get people's attention in public buildings. Thanks to its large diameter of 30 cm, its easily legible message, and the eye-catching colours, it is extremely easy to notice – so it will help maintain safety and order.

The floor decals are made of PVC foil coated with a special certified anti-slip laminate. They are resistant to abrasion, easy to apply, as well as very fast and easy to remove.

OUR FLOOR DECALS CAN BE USED:

- in stores, supermarkets, malls, wholesale stores
- in health care facilities (consulting and treatment rooms, clinics)
- in kitchens, canteens, dining areas, corridors
- in pharmacies
- in hairdressers' salons
- in laundries, ironing rooms
- in schools, university buildings
- in offices, office buildings

KNITTED SWEATERS

IT'S GETTING UGLY UP THERE!

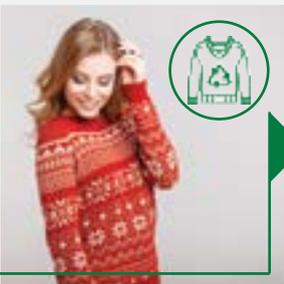

FOR KIDS

FOR LADIES

FOR MEN

UPCYCLED SWEATERS

SWEATERS SO UGLY THEY ARE BEAUTIFUL!

Kingly offer an unbeatable range of knitted sweaters and a free design service, so you can create your own range of custom sweaters to suit your business, your customers – and the time of year!

All our sweaters are full custom knitted, meaning you can choose the sizes that best suit your needs.

We offer 3 premium quality compositions:

- Cotton 50% / acrylic 50%
- Merino wool 50% / acrylic 50%.
- Upcycled Cotton / acrylic

The minimum quantity per design is **from 250 units.**

UPCYCLED SWEATERS

At Kingly we're always looking for an opportunity to make our products more environmentally friendly. In early 2020 we did it with knitted socks and won the **2020 Promotional Gift Award** for our **Upcycled Socks in Compostable Bags**. Now we're doing the same with sweaters using upcycled cotton.

What is upcycling?

Upcycled yarn is derived from used clothing and pattern cutting scraps from garment production. The upcycling process is mechanical. No water, dyes or chemicals are used and the production process is near zero CO₂ using solar power.

SCARVES, TIES, MULTIBANDANAS, BOW TIES, POCKET SQUARES, SOCKS, MICROFIBER CLOTHS, SUSPENDERS

TIES from *cupro* by Bemberg

Bemberg-Cupro is a pure cellulose fibre processed from cotton linters and added with better properties than cotton using unique technologies. Bemberg-Cupro prides itself on the delicacy of natural fibres and the functionality of chemical fibres. In its functionality, it combines the advantages of cotton and silk, and it also perfectly fits and is resistant to creases, an important feature for the ties. Bemberg-Cupro is a regenerated fibre made of cotton lining, a raw material that is pre-consumer waste.
