Dear Distributors,

we provide you with the European Suppliers Book catalog which is a handy database of suppliers in the promotional products industry. The printed edition is published once a year in September. It is a practical compendium of knowledge for advertising agencies and distributors.

The European Suppliers Book is a tool that allows you to quickly find interesting products, significantly improving the comfort of your daily work. A convenient search engine in six languages makes it possible to discover the offer of European suppliers and to establish contact with selected contract partners.

We are pleased that already for the 9th time we can provide you with a catalog that contains current data and offers of around 100 most active representatives of the advertising market from 14 countries. The past year and the events caused by the pandemic have affected the entire industry, but despite the difficulties, many entrepreneurs have prepared product proposals especially for you, which you will find in this issue.

We encourage you to use the European Suppliers Book catalog and to take advantage of the possibility of quick contact with suppliers of advertising products from all over Europe. We look forward to meeting your expectations once again.

You are welcome to use the ESB.

The GJC International Team

Dear Suppliers,

we provide you with the 9th edition of the European Suppliers Book – a catalog of producers and importers of promotional gifts, which is sent **to 5 thousand companies**. This handy database of industry suppliers reaches **distributors and advertising agencies in 24 European countries**.

The printed version of this industry publication is published once a year in September and is supplemented by an online catalog sent in September and February to a database of around **50,000 companies across Europe**. Thus, the European Suppliers Book is an excellent tool that allows you to easily reach specific customers with your offer. Its clear form and intuitive search engine enable agencies and distributors to quickly contact the supplier.

Although the past year and the events caused by the pandemic have affected the operations of the entire industry, many entrepreneurs have managed through this difficult time. We are pleased to present you the 9th edition of the ESB catalog and we believe that the two user-friendly versions – paper and online – will allow you to exploit the export potential of your company and reach advertising agencies across the European market.

Thank you for being with us.

The GJC International Team

Rare combination of wood and metal which makes these models unique, eco and elegant.

ECO FRIENDLY

SINGLE MALT WHISKY MASTER BLEND

This amber-coloured single malt whisky 46%vol. has a wonderful aroma of fresh grain, some malt and a subtle note of vanilla and hazelnut. The taste of light chocolate toffee, strong malt sweetness with cream caramel, vanilla, herbs and at the end also a hint of cocoa and orange make it a wonderful taste experience.

LEUCHTTURM1917

Denken mit der Hand*

Notebooks are brand ambassadors

A brand is more than just a name – it stands for values and convictions.

Combine the identity of your brand with the individuality of a notebook and refine this with an embossed logo.

Whether blind/ colour-embossing, customized wrap band, tip- in pages, gift packaging or writing accessories – turn your brand into a constant companion for your customers or employees.

All from one source and with reliable LEUCHTTURM1917 quality.

Get in touch with us.

Our Corporate Gift team will be happy to support you from the initial idea to production.

According to your wishes we can fully customize our notebooks for you, even in small print runs of just 50 copies.

Our co-branding service is also available on short notice. With refinement being carried out in our own factory near Hamburg, we can guarantee short delivery times.

Discover our Corporate Branding world.

*Writing by hand is thinking on paper. Thoughts grow into words, sentences and pictures. Memories become stories. Ideas are transformed into projects. Notes inspire insight. We write and understand, learn, see and think – with the hand.

Lobniz

DIGITALPRINT / SCREEN PRINTING

SPÓŁNOTA, Wooden Work Cooperative in Biały near Maków Podhalański, would like to present its commodity to you.

For over 60 years we have been specialising in production of wooden articles. Before summer season our company produces garden and camping furniture, in particular deckchairs, armchairs, chairs and tables; before the winter season sledges and other accessories.

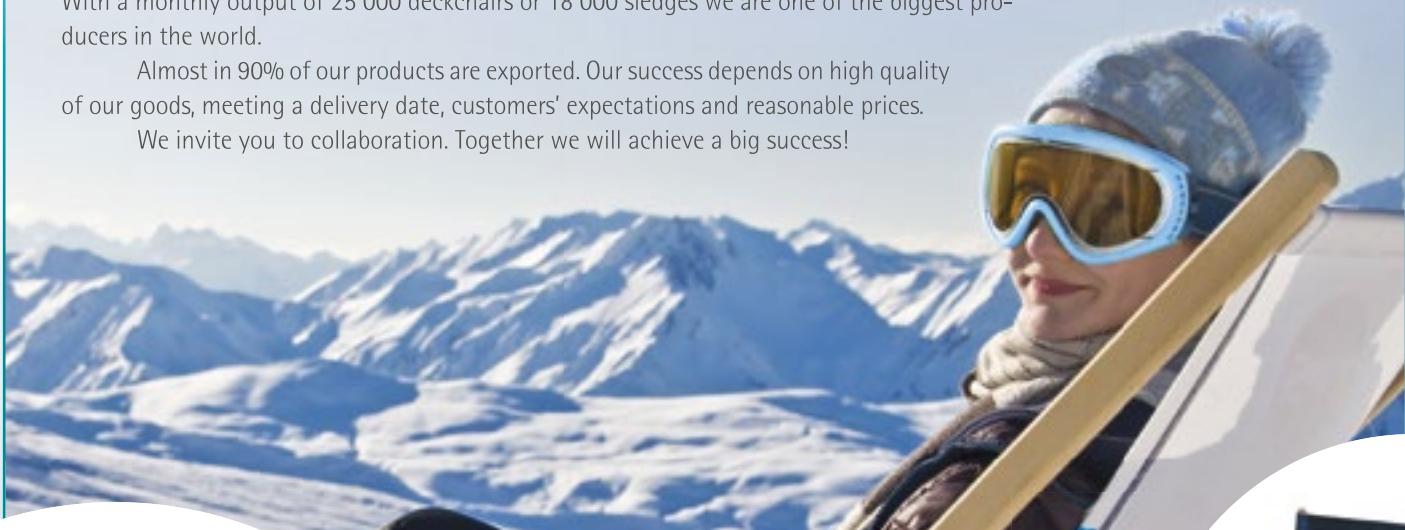

For a few years we also specialise in printing colorful designs, e.g. logos, on our products according to individual wishes of our consumers.

We base our work on our experiences connected with tradition. The goods which we produce are only made of natural materials therefore they fulfill the environmental requirements of today's world.

With a monthly output of 25 000 deckchairs or 18 000 sledges we are one of the biggest producers in the world.

Almost in 90% of our products are exported. Our success depends on high quality of our goods, meeting a delivery date, customers' expectations and reasonable prices.

We invite you to collaboration. Together we will achieve a big success!

Sedex

The innovative patented packaging with one-hand opening

TWIN PACK will simplify your life. With the TWIN PACK packet, you can carry any liquid, cream or gel product with you at all times, and use it in the easiest, most practical way. The packets are good-looking, convenient, hygienic and waste-preventing.

It's the new way to open the packages with just three fingers, folding the packet in half!

(Creams, perfumes, gels)

(Detergents, paints, household cleaners, glues)

(Dressings, oils, and honeys)

(Syrups, granules, pastes, saline solutions, antiseptics)

PATENTED TECHNOLOGY

An innovative single-portion package with a patented opening system. It's the new way to extract over 99% of the product, without waste and spillage, thanks to the maximum ease of delivery.

100% CUSTOMIZABLE

The client can decide the size, the type of aperture and the graphic layout, so as to attract new customers, increase brand loyalty and improve the users' perception.

ECO-SUSTAINABLE

The innovative TWIN PACK sachets can be made using materials that are 80% bio-based and homopolymers, recyclable according to the local regulations, guaranteeing the same shelf-life performance as traditional materials.

SIZES AND FILLING CAPACITY:

50 x 50 mm/0,5-1,5 ml

50 x 80 mm/2,5-5 ml

50 x 100 mm/5-7 ml

BIODEGRADABLE PRODUCTS

Our line of biodegradable products have the ability to decompose naturally and ecologically in a maximum period of 5 years so that it does not pollute the environment, even it is transformed into compost for the earth.

How do we get it? In the raw material that we use for each of our products we incorporate an enzymatic additive that will perform the biodegradation function when the conditions are favorable for it, (living organic matter from the soil, temperature and humidity), at this time the product biodegrades at 100% transforming into CO₂ + Biomass + H₂O.

The biodegradation option is applicable to a wide selection of our products, cups, bowls, mugs, pencil holders, popcorn boxes, etc ... check our Bio availability.

Modern machinery park

We use the technologies of top producers such as Heidelberg and Kodak.

The highest quality machines and software are one of the most important elements of a professionally performed order.

We use technology of:

HEIDELBERG

xerox® Kodak

Innovation

Thanks to investing in innovation and printing automation, we are able to cope with almost every task assigned to us.

Perfect location

We are located in Gniezno - the first capital of Poland. The proximity of the S5 expressway and the A2 motorway makes our company an ideal place for your orders.

People are the key to success

Machines and software are one of the elements of a well-made order, but it is a team of trained people that determines the final quality of the product. That is why we care about the work safety of our employees and constantly improve their skills.

Our offer:

//// Commercial materials

Flyers | Folders | Brochures | Catalogues

//////// Production materials

Bands | Instructions | Euro slot hanger | Labels

////////// Packaging printing

Food industry | Automotive branch
Cosmetics industry | Clothing industry
Chemical industry

////////// Plano sheets

Offset printing - Max format B1

We are a family company with over 35 years of tradition and experience in the printing industry.

Based on our knowledge and skills, we act quickly and specifically, ensuring full professionalism at the following stages:

- PrePress
- Press
- PostPress

Folders & Ideas made out of tradition & love for the craftsmanship

INNOVATION & PERFECTION

SUSTAINABILITY & QUALITY

INDIVIDUALITY & INVENTIVENESS

- ❶ Individual, high-quality and affordable presentation folders tailored to your needs. Made of high-quality materials or fully printed according to your CI, everything is possible.
- ❷ Your products are presented on the basis of original samples. It is our job to present them beautifully. No matter what kind of products You would like to present due to years of experience we have the fitting solution.
- ❸ Not all folders are the same. Our individual ring binders offer space for all contents. Especially popular are the magnetic folders as they stand out from ordinary folders.
- ❹ Perfectly packaged! Presentation packaging is the only advertising medium that reaches 100% of your customers.
- ❺ The perfect conference folders tailored to your needs! Made of high-quality fine cardboard or fully printed according to your CI and Design.

Everything is possible, just talk to us!

About Kingly Labs •••

Kingly Labs produce luxury, freshly developed cosmetics containing natural and organic active ingredients. With all our efforts focused on ethical sourcing and responsible production, our cosmetics come with eco-friendly packaging and branding - all European made.

At Kingly we add value to a brand by raising the bar for quality. Each order is produced fresh, meaning an extended shelf life. We do not store cosmetics; we produce them on demand.

Our products are made with care at Kingly's Bulgarian GMP compliant factory, and backed up through our extensive ISO certifications. Our unique formulas are rigorously tried and tested by dermatologists. And the best part? Thanks to documented in-vitro testing with COSMOS approved active ingredients, we know they work.

About Our Active Ingredients •••

We use inspired active ingredients where the result really is greater than the sum of parts - genuinely delivering far beyond consumers' expectations. All active ingredients are COSMOS approved and made in Italy, infused with inventiveness and the love of craftsmanship, so typical of that country.
